WARRANT REGULATING THE ALLOWANCES FOR THE PASSAGE OF OFFICERS OF THE ARMY TO AND FROM FOREIGN STATIONS.

No. 498

Dated 28th April, 1828.

21

GEORGE R.

WHEREAS We have thought it expedient to take into Consideration the Inadequacy of the present Allowances of Passage Money granted to Officers of Our Land Forces, when proceeding upon and returning from Foreign Service, as well as to consolidate the several Rules and Regulations under which Passage Allowances are granted, Our Will and Pleasure is, that this Our Warrant shall henceforward be the sole Regulation on this Head; and that Allowances according to the annexed Scale A, shall be granted, under the following Rules, to Officers of Our Land Forces who cannot be accommodated with Passages in any Vessel engaged by a Public Department.

These Allowances will be granted to Officers proceeding to join their Regiments Abroad, or coming Home on Duty; but not to Officers coming Home on Leave of Absence, or returning to their Stations abroad, after the expiration of such Leave; unless such Officers shall have returned Home on account of Ill Health, and upon the Recommendation of a Board of Medical Officers; in which Case, they shall receive Passage Allowances for the Voyage Home according to their respective Regimental Ranks, on the production of the Documents mentioned in the Schedules B, C, and D, annexed hereto; and a similar Allowance, or a Passage in a Government Vessel, shall, in such Case, be afforded them when they return to their Station.

It is Our further Will and Pleasure, that when Officers of Our Land Forces proceed to Foreign Stations in Freight Ships, under Circumstances entitling them to a Passage at the Public Expense, they shall be provided with a proper Mess by the Captain of the Freight Ship; and the Captain shall receive, on account of each Officer, for the Cost of such Mess, the Sum specified in Schedule E, Column 1, according to the Place of Destination; and the Amount to be paid to the Captain shall be defrayed by the Officer and by the Public, in the Proportions specified in Columns 2 and 3 of the said Schedule.

If an Officer, for whom a Passage has been ordered on Board a Freight Ship, shall fail to embark, One-fourth of the Sum specified in the third Column of Schedule E, as the Amount to be paid by the Commissioners of the Navy, shall be paid by the Officer to the Captain, to reimburse the Captain for the Expenses incurred by him in making Provision for the Officer's Mess; unless the Officer shall have given the Captain sufficient Notice of his change of Intention, so as to prevent the Captain from making such Provision; and the Officer will not be relieved from this Payment, unless his change of Destination shall have taken place by order and for the convenience of the service; or unless another Officer shall embark in his Place: in the former Case, the Amount paid by the Officer whose Destination is so changed shall be allowed to him by the Public; and in the latter case that Amount shall be considered as paid to the Captain on account of the Second Officer so substituted, and shall be repaid by him to the First Officer.

The Allowance of Passage Money to and from Stations Abroad (ex-

cepting the Territorial Possessions of the East India Company) will be paid by the Commissioners of our Navy, upon the Recommendation of Our Secretary at War.

It is Our further Will and Pleasure, that Officers of Our Land Forces belonging to Regiments in India, or employed on the Staff on that Station, who may proceed to or return from that Country on Board the Ships of the East India Company, shall be entitled to Passage Allowances in conformity to the annexed Scale F, if embarking for, or returning from, India, under any of the following Cases:—

1. If attached to, and proceeding with their Regiment, on its Embarkation for India.
2. If proceeding afterwards to India to fill up the Complement of the Regiment, that Number not having been complete at the time of the Embarkation of the Corps.
3. If ordered to India to fill up Vacancies occasioned there by Death, Promotion, Resignation, Dismissal, or Removal from one Regiment to another upon that Station; or by the Resignation of an Officer who has returned Home from India on account of Ill Health.
4. If appointed to any of the following Situations on the Staff in India, upon the First Establishment of those Appointments; or if sent out to fill Vacancies in previously existing Appointments, provided those Vacancies shall have been occasioned by Death, Resignation, Removal in consequence of Promotion, or by Dismissal:—
   Major-General on the Staff.
   Adjutant-General.
   Quarter-Master-General.
   Deputy-Adjutant-General.
   Deputy-Quarter-Master-General.
   Aides-de-Camp to the Commanders-in-Chief at the Three Presidencies, or to General Officers on the Staff.
5. If returning to India, after having been ordered to England on Public Duty which absolutely required their presence; the Case having been attested to the satisfaction of the Governor in Council of the Presidency to which such Officers were attached; but in no Case if returning to India after Leave of Absence, except as provided for in following Article 6.
6. If returning to their Regiments in India in charge of Recruits or Drafts, after the expiration of Leave of Absence on Account of Ill Health.
7. If returning to England in consequence of the Regiment to which the Officer belongs being removed from India.
8. If returning to England on account of Ill Health, certified to the Governor in Council of the Presidency to which the Officer may be attached, provided the Officer be not above the Rank of Subaltern.
9. If ordered to England on Courts-Martial, or any other Public Duty on which their presence is absolutely necessary; on the Case being attested to the satisfaction of the Governor in Council of the Presidency to which the Officer may be attached.

Provided always that every Officer appointed to the Staff in India, or as Aide-de-Camp to any Commander-in-Chief, or General Officer on the Staff, who may have drawn the Allowance for his Passage, and may afterwards

WARRANT REGULATING THE PROVISION OF CLOTHING, NECESSARIES, ACCOUTREMENTS, AND APPOINTMENTS, FOR CORPS OF CAVALRY.

Dated the 30th July, 1830.

WILLIAM R.

WHEREAS We have judged it expedient to revise and alter the Warrant of Our late Royal Brother, dated the 21st of June, 1828, regulating the Provision of Clothing, Necessaries, Accoutrements, and Appointments for our Corps of Cavalry; Our Will and Pleasure, therefore, is, that from and after the 25th day of December, 1831, when all the existing Assignments of Off-reckonings, or Allowance for these Services, will terminate, the Regulations annexed to this Our present Warrant shall be established and obeyed, as our sole and standing Authority on the several subjects to which it relates.

It is likewise Our pleasure, that, except in cases of urgent and unavoidable necessity, which necessity is to be immediately reported to Our Commander-in-Chief, for Our consideration, any Colonel, or other Officer, who may direct, or knowingly permit, any variation whatever from the sealed patterns of the said clothing and other articles above specified, without the authority of Our Commander-in-Chief, or any deviation from the said Regulations, unless Our special sanction for such deviation be communicated through our Secretary at War, shall, for each offence, be held amenable to a Court Martial, and shall receive such punishment as the Court may award.

And that no Officer may be ignorant of Our intentions, it is Our further pleasure that a Copy of this Our Warrant be made in the Orderly Book of every Corps of Cavalry in Our Service, and of Our Royal Waggon Train.

And for the due performance of the several matters hereinafter mentioned, this shall be to all Persons whom it doth and may concern a sufficient Warrant, Authority, and Direction.

Given at Our Court at St. James's, this 30th day of July, 1830, in the First Year of Our Reign.

By His Majesty's Command.

H. HARDINGE.

Regulations.

CLOTHING, &c.—CAVALRY.

Rates of Off-reckonings.

1.

The following Rates of Annual Off-reckonings shall be allowed to Colonels of Regiments of Dragoon Guards and Dragoons, when authorized to make assignments of that allowance, viz.

	Per Annum. £. s. d.
For each Serjeant of every class borne upon the Regimental Establishment	5 19 0
For every Corporal, Trumpeter, and non-effective Man, ditto. ..	6 10 3
For each Private, Warrant, and Contingent Man, ditto. ..	4 0 3

The rate in each instance is eight shillings less than the old rate, the Colonel having been relieved from all expenses on account of flannel drawers, gloves, and boots and spurs, as these articles are to be provided as part of the necessaries of the Man.

Assignments of Off-reckonings.

2.

Every Colonel when entitled to off-reckonings is required to make an assignment thereof, either to his regimental agent or clothier, or else to empower his agent to make the assignment to the clothier or to some other person, such assignment being intended as a security to the clothier, who has the first lien thereon, and to the other regimental tradesmen, for the due discharge of their respective bills for the supplies provided by them, to which the off-reckonings are applicable. When the Colonel, or the agent on his behalf, shall have made the said assignment, the Colonel shall be exonerated from all futher responsibility to his regimental tradesmen, it being incumbent upon them to take the necessary measures, in order to obtain from the agent, or from the holder of the assignment, a settlement of their just demands upon the Colonel.

3.

Assignments may be passed for every Serjeant, Corporal, Trumpeter, and Private, borne upon the regimental establishment at the date of the commencement of such assignment, and likewise for five non-effective men to each troop, and one contingent man to every twenty-five Privates borne upon the establishment of each Troop—any excess beyond the division of the troop by twenty-five being reckoned as equivalent to that number.

4.

The assignment for every corps of Cavalry shall, in future, be biennial, and shall always commence from the 1st day of January inclusive, being the day on which the regimental clothing will henceforward become due,

and on which it shall, if possible, be delivered to the men on all Stations. But the assignments for regiments of Hussars having been hitherto made quadrennially, and not biennially, in consequence of the chaco, dress jacket, and pelisse, worn by these troops, being calculated to last four years, if the Colonel of any Hussar regiment shall hereafter be removed to another corps, or shall die before the expiration of the biennial assignment, he, or, in case of his death, his representative, shall receive from the succeeding Colonel one-half of the cost of the said articles actually delivered to the regiment, or such equitable proportion as may be awarded, should a reference be required to be made to the Board of General Officers.

The Officer actually commissioned as Colonel of a corps, on the 1st of February immediately preceding the date of the commencement of such assignment, or, in case of his death after that day, his representative: or, if the appointment be vacant on the said 1st of February, the Colonel next succeeding to the command of the corps shall be entitled to make the assignment for the biennial period, commencing on the 1st of January next ensuing.

But if a Colonel, at the time of being succeeded in the command of a corps, had, with the sanction of the Commander-in-chief and Secretary at War, provided the regimental clothing before the said 1st of February, as is sometimes necessary to be done when corps are serving in India and on other remote stations, or if he had any surplus clothing deposited in store, then and in that case the Colonel succeeding to such command shall take and apply, as part of the first clothing which he may have to furnish, any clothing which was so ordered, or has so remained in store, and shall pay for the same the original cost thereof, together with the freight and other necessary expenses; provided always, that at the date of such succession, or as soon after as a survey can be held, the said clothing shall be reported by the usual Regimental Board of Inspection not to have been worn, and to be in perfectly good condition. But if the number of suits of clothing so ordered or provided by the preceding Colonel should exceed the numbers of men borne on the existing regimental establishment, the succeeding Colonel shall not be bound to take a greater portion thereof than the new establishment may require.

And in case any dispute should arise as to the sum to be paid for such clothing, the question shall be referred to the Board of General Officers, who shall report their opinion thereupon to the Commander-in-chief, or to the Secretary at War, for His Majesty's decision.

5.

When a new corps is raised, or an augmentation of an existing corps is made, the Colonel, if authorized to assign off-reckonings, shall receive the off-reckonings for twenty-four months, for the numbers of Men borne on the establishment of the new corps, or added to an existing corps, in the following manner, namely, by assignment for such portion of the said off-reckonings as shall accrue from the date of placing the new corps or augmentation on the establishment of the Army, to the commencement of the next general clothing period, and by warrant for the remaining portion of those off-reckonings. But as Hussar regiments are provided with certain articles of clothing, calculated to last four years, if the Colonel of any such regiment should have any claim on account thereof, in case of a new levy or of an augmentation, his claim shall be specially considered.

6.

Every soldier belonging to a corps on the 1st of January of the year from which the periodical assignment shall commence, shall on that day, if possible, be furnished with complete clothing, consisting of the articles hereinafter specified, which shall be made up in strict conformity to the approved patterns thereof deposited at the Board of General Officers.

7.

Recruits, (except those for new levies, or for augmentations of existing corps), finally approved, after the proper time for the delivery of the periodical clothing, shall be entitled to clothing as good as or equivalent to that in wear by the rest of the corps; and shall also be entitled to complete new clothing at the next general delivery thereof.

8.

Recruits raised for a new levy or for an augmentation of an existing corps, shall, on being finally approved, receive complete new clothing; and at the next general delivery of clothing to the corps shall further receive another complete suit, with the exception of such articles only as are required to last more than two years.

10.

Patterns of Clothing for every Corps shall be exhibited periodically to the Board of General Officers, and in each case two months at least before the respective dates fixed in the next clause of this Warrant for the Inspection of Clothing. After the said patterns shall have been approved and sealed by that Board, the Colonels shall provide the clothing of their Corps, either in Great Britain or in Ireland, at their own option. When the clothing is completed, it shall be submitted to the Inspectors of Army Clothing, who shall compare the several articles with the sealed patterns; and if they find the same strictly conformable thereto, they shall grant two certificates of their approval of the clothing; one to the clothier, for transmission with the clothing to the Head Quarters of the Corps, and the other to the said Board, as their authority for passing the assignment.

Periods of and Rules for the Inspection of Clothing.

11.

The clothing of Corps serving on the under-mentioned Stations is to be submitted for inspection at the periods stated against the several stations, and the Inspectors are accordingly to finish such inspection within the months prescribed, viz:—

East Indies and Stations to the eastward of the Cape of Good ..	Not later than the 31st Jan. being 11 months.
North America	By 31st March, being nine months.
Cape of Good Hope and Western Coast of Africa	By 31st May, being seven months.
West Indies, Spain, Portugal, and the Mediterranean	By 31st July, being five months.
Great Britain, Ireland, and Islands in the Channel	By 30th September, being three months.

Preceding the 1st January on which the Clothing is required to be delivered to the Men.

The Colonels or Commandants shall be held responsible that their Corps be regularly and properly clothed, and it is therefore strictly incumbent upon them to take care that the clothing be ready for inspection at the periods here prescribed.

12.

All clothing shall be viewed, and all certificates signed by two Inspectors

of Army Clothing, unless the absence of either of them be unavoidable; in which case the cause of such absence shall be stated by the Inspector who is present, in his certificate of the view of the clothing.

13.

The Inspectors shall follow such further instructions as they shall from time to time receive from the Commander-in-chief, the Secretary at War, or the Board of General Officers.

14.

Patterns sealed by the Board of General Officers shall be sent by the clothiers with the clothing to the Head Quarters of the Corps, and shall be preserved there, in order that the clothing may be compared with those patterns at the earliest opportunity by the General or other Officers commanding on stations abroad or in districts at home, or by the Officers who shall be appointed to inspect or review the corps; and two certificates, according to the following form, vouching the conformity of the clothing to the sealed patterns and the date of its delivery to the Soldiers, shall be transmitted by such General or other Officers as aforesaid, one of them, through the Adjutant General, to the Board of General Officers, and the other to the Secretary at War.

FORM OF CERTIFICATE.

I certify that I have inspected the Clothing of the issued for years, commencing on the 1st of January, and that it appears equal in quality to the sealed patterns, and conformable in every respect to His Majesty's Regulations. I further certify my belief, that it was duly fitted and delivered to the men for use on the day of .

Signature of the General or other Officer commanding on the Station or District .. ..

Dated at this day of .

When the clothing is received by a corps, the Commanding Officer present, together with the two Officers next in seniority, not being under the rank of Captain, shall immediately inspect the clothing, and cause to be drawn out an accurate state of the quantity, quality, and condition thereof, which state shall be entered in the Regimental Books for the inspection of the Officer or Officers, who may from time to time inspect or review the corps, and shall then be transmitted by the Commanding Officer, through the Adjutant General, to the Board of General Officers.

15.

The clothing shall be sent to the corps ready made up, and not in materials, unless by the special permission of our Commander-in-chief; and the Inspectors of Army Clothing shall not pass any articles which may not be sufficiently and completely sewn for immediate and permanent wear. Materials, when authorized to be supplied, shall not be sent to the Corps without the previous inspection and approval of the said Inspectors.

16.

Soldiers who die, or are discharged, or are taken prisoners of war before the completion of the period for which the clothing is expected to last, reckoning from the usual day of delivery, have no claim whatever on account

thereof beyond the day when they ceased to be effective. If a Serjeant be reduced to the ranks, his clothing shall be taken for the use of his successor, and he shall receive private's clothing as good as that in wear by the privates, or articles equivalent to it.

17.

When the clothing is permitted to be taken away by men transferred from one corps to another, the Colonel of the corps to which the men are transferred shall pay to the Colonel of the other corps an allowance in money for such clothing, according to the scale of compensation established by article 19 of these Regulations, the same to be reckoned at a monthly rate, but not for any broken period of a month, from the 1st day of the month on which the transfer takes place, to the 31st day of December of the year in which the assignment may terminate.

18.

Colonels of corps being, as before stated in Article 11, personally responsible that the clothing be duly and punctually forwarded and delivered to their corps at the prescribed period, few cases ought to arise in which it can be a question, whether the Colonel may be permitted to pay a compensation in money, instead of delivering the Articles in kind; and such cases can never happen on the Home Station. If, however, from any extraordinary circumstances such a case should occur in any Corps or Detachment abroad, the grounds upon which the substitution of compensation in money for clothing in kind is proposed, shall be stated fully, and in due time, to the Commander-in-Chief for His Majesty's approval.

19.

If the payment of compensation in money is approved, the following sums shall be paid to the men, or expended in necessaries for their benefit, being the estimated cost of the several articles to the Colonel, after a reasonable deduction for incidental charges; but when compensation is due for part of a year, it shall not be paid for any broken period of a month.

23.

Men losing their necessaries, on becoming prisoners of war, shall have no claim against the public on account thereof, if they remain prisoners upwards of four months; but on rejoining their corps, they shall, if requisite, be supplied with fresh necessaries, to the amount not exceeding two pounds two shillings per man, out of their arrears of pay, if any be due to them whilst prisoners, and if not, by stoppages from their accruing pay.

24.

Every regiment shall be provided, in the first instance, with a complete set of sealed patterns of necessaries, conformable to those lodged at the Board of General Officers.

25.

The Officers commanding troops shall be at liberty to procure on the spot, whenever it can be done with advantage, any articles required by their men, conforming to the established patterns.

When a supply is required abroad from the United Kingdom, the Officers in command of troops shall form a Committee for the purpose of ascertaining the wants of each troop, and of preparing, under the direction and control of the Officer commanding the regiment, a general requisition, carefully avoiding any unnecessary accumulation of stores.

This requisition is to be transmitted by the Commanding Officer to the tradesman, who shall engage to furnish the articles of the established quality and pattern; and whenever he is sending out an extensive and general supply of necessaries to a regiment shall produce a pattern of each article to be sealed by the aforesaid Board, to accompany the supply; such pattern articles to form a part of the number demanded, and, after serving the purpose of comparison, to be issued to the men.

26.

On the arrival of a supply at Head Quarters, a Regimental Committee, formed of the Field Officers and of the Officers in command of troops present, shall examine and compare the supply with the sealed patterns, and shall reject any articles found not conformable to the patterns; and the tradesman shall be bound by his agreement with the Commanding Officer or regimental agent, either to replace the rejected articles, or to make good the loss, on their being disposed of at a lower price than that charged. The freight, insurance and shipping expenses are to be charged in the tradesman's bill, and to be added to the cost prices by the Committee, together with any incidental expenses on landing.

27.

The Regimental Committee shall be also empowered to make an additional charge of three per cent. upon the prices charged by the tradesman, for the purpose of forming a contingent fund, to be applicable *solely* to meet the losses unavoidably arising from deterioration, by detention in store, from insects, damp, or other causes; but it is to be distinctly understood, that no part of this fund is to be applied towards defraying any other charges whatever, on account of the necessaries, previously to the delivery thereof to the men.

An annual statement, showing the amount of the fund thus created, the mode in which it has been applied, and the balance, is to be forwarded by the Commanding Officer, on the 31st December in each year, through the

Adjutant-General to the Board of General Officers; and a similar statement is to be sent, direct, to the Secretary at War.

By the aggregate amount of the tradesman's prices, and of all the attendant charges before-mentioned, the price to be paid by the soldier shall be regulated; and shall be published by the Commanding Officer in orders to the regiment, and shall be stated on the annual return of the contingent fund adverted to in the preceding paragraph.

28.

The Quarter-master, as being the Storekeeper of the regiment, is to take care of the necessaries, and to issue them when required.

The Commanding Officer, from time to time, shall cause inspections to be made of the necessaries in store, for the purpose of ascertaining that they are kept in proper order.

29.

The stoppages for articles of necessaries, issued to the men out of these supplies, are to be retained by the paymaster, who, after carrying to the account of the contingent fund the deduction of the three per cent. for losses, shall remit the remainder, under the orders of the Commanding Officer, to the tradesman in liquidation of his account.

These remittances are to be made quarterly, in the following manner, namely, the paymaster is to deduct the amount of the stoppages in his hands from the debit side of his periodical pay-lists, when the regimental agent will be authorised by the Secretary at War to pay over the said amount to the tradesman; and the Commanding Officer is, by a vigilant inspection of all proceedings, to take care that the said remittances are duly made, and the whole service conducted according to regulation.

30.

Whenever a supply shall be procured under these regulations, if the Commanding Officer, under whose direction it was ordered, shall leave the regiment before the articles had been issued and paid for, his successor shall be bound to see the whole of that supply issued before the issue of any fresh supply of articles of the same description is commenced upon.

Accoutrements and Appointments.

31.

The accoutrements and appointments for a Corps, the Colonel of which is authorised to make assignments of off-reckonings, shall be provided at his expense; but in the case of a new levy, or of an augmentation to the establishment of an existing Corps, he shall receive, in addition to the off-reckonings prescribed by the fifth clause of these Regulations, an allowance of five pounds sixteen shillings and ninepence, upon account, and in advance, for each set of accoutrements and appointments required for such new levy or augmentation, and upon the production of the tradesmen's bills and receipts for the articles thus provided, he shall also receive the difference between the actual and approved cost thereof, and the said allowance of five pounds sixteen shillings and ninepence per set.

And whereas a tropical climate is extremely injurious to all manufactured articles of Leather and Iron, We are further pleased to declare that, in consideration of the speedy decay of accoutrements and appointments in the East and West Indies, to meet the extraordinary expense of which decay

the usual off-reckonings are found to be inadequate, the Colonel of a Corps, on either of those stations, shall receive an additional allowance of one pound three shillings and sevenpence halfpenny per annum for each Serjeant, Corporal, Trumpeter, and Private, borne upon the regimental establishment, with the exception of the men belonging to the recruiting troops in Europe.

32.

All accoutrements and appointments shall be marked with the number or appellation of the Corps, and with the number or letter of the respective troops. The several articles shall also be provided in strict conformity to patterns deposited at the Board of General Officers.

Whenever new accoutrements and appointments are required, either for an entire Corps or for any considerable portion thereof, one complete pattern set shall be approved and sealed by the Board of General Officers, with which set the whole supply shall be compared by the Inspectors of Army Clothing, who are to grant certificates of inspection, in like manner as for supplies of clothing.

shall be damaged by their neglect or misconduct. The accoutrements and appointments are therefore to be examined frequently, and reports of the state thereof are to be made to the Colonel; and in order to insure a due preservation of these articles, the Commanding Officer of each corps, together with the two officers next in seniority, not under the rank of Captain, shall annually, between the 30th of November and the 31st of December, make a strict inspection of the accoutrements and appointments of the corps, and cause an accurate statement of the condition of each article thereof to be drawn out, under the several heads of "*good*," "*bad*," and "*wanting*." The Commanding Officer shall cause this statement to be entered in the regimental books, and shall send a duplicate thereof to the regimental agent, for the information of the Colonel or Commandant, who shall, as early as possible, provide and forward to the corps new articles in the room of those reported as bad or wanting.

The Reviewing General, who inspects the corps in the spring, shall specify, in his confidential report to the Commander-in-Chief, whether the corps was, at the inspection made between the 30th of November and the 31st of December preceding, completely furnished with the necessary accoutrements and appointments.

In case of changes of Colonels of corps, all articles so reported as "*bad*," and "*wanting*," are to be replaced at the expense of the Colonel, who shall have made the assignment of the off-reckonings for the year in which the inspection takes place, or at the expense of his representatives, in order that the accoutrements and appointments may be transferred complete and fit for service to the new Colonel, on the termination of his predecessor's last assignment.

WARRANT REGULATING THE PROVISION OF CLOTHING, NECESSARIES, GREAT COATS, ACCOUTREMENTS, AND APPOINTMENTS FOR CORPS OF INFANTRY.

Dated 22d July, 1830.

WILLIAM R.

WHEREAS We have judged it expedient to revise and alter the Warrant of Our late Royal Brother, dated the 21st June, 1828, regulating the Provision of Clothing, Necessaries, Great Coats, Accoutrements, and Appointments for our Corps of Infantry; Our Will and Pleasure therefore is, that from and after the 31st day of December, 1830, the Regulations annexed to this Our present Warrant, shall be established and obeyed as Our sole and standing authority on the several subjects to which it relates.

It is likewise Our pleasure, that except in cases of urgent and unavoidable necessity, which necessity is to be immediately reported to the Commander-in-Chief for Our consideration, any Colonel or other Officer who may direct or knowingly permit any variation whatever from the sealed Patterns of the said Clothing and other articles above specified, without the authority of Our Commander-in-Chief, or any deviation from the said Regulations, unless Our special sanction for such deviation be communicated through our Secretary at War, shall for each offence be held amenable to a Court-Martial, and shall receive such punishment as the Court may award. And that no Officer may be ignorant of Our intentions, it is Our further pleasure, that a copy of this Our Warrant be inserted in the Orderly Book of every Corps of Infantry in Our Service.

And for the due performance of the several matters hereinafter mentioned, this shall be to all Persons, whom it doth or may concern, a sufficient Warrant, Authority, and Direction.

Given at our Court at St. James's, this 22d day of July, 1830, in the First Year of Our Reign.

By His Majesty's Command.

H. HARDINGE.

Regulations.

CLOTHING, &c. INFANTRY.

Rates of Off-reckonings.

1.

The following Rates of Annual Off-reckonings or Allowance for Clothing and Appointments shall be allowed to Colonels of Corps of Infantry of the Line, when authorized to make Assignments of that Allowance, viz:—

	Per Annum. £	*s.*	*d.*
For each Serjeant of every Class borne upon the Regimental Establishment	7	9	2
For each Corporal and Drummer, ditto	4	19	6
For each Private Man, ditto	2	6	0

Assignments of Off-reckonings.

2.

Every Colonel, when entitled to Off-reckonings, is required to make an Assignment thereof either to his Regimental Agent or Clothier, or else to empower his Agent to make the Assignment to the Clothier, or to some other Person, such Assignment being intended as a security to the Clothier, who has the first lien thereon, and to the other Regimental Tradesmen for the due discharge of their respective Bills for the Supplies provided by them, to which the Off-reckonings are applicable. When the Colonel, or the Agent on his behalf, shall have made the said Assignment, the Colonel shall be exonerated from all further responsibility to his Regimental Tradesmen, it being incumbent upon them to take the necessary measures in order to obtain from the Agent, or from the holder of the Assignment, a settlement of their just demands upon the Colonel.

3.

Assignments may be passed for every Serjeant, Corporal, Drummer, and Private borne upon the Establishment of each Regiment or Battalion of the Foot Guards and of the Line, at the date of the commencement of such Assignments, and likewise for four Warrant or Non-effective Men to each Company of the Foot Guards. From the amount of the Assignments for the Foot Guards shall however be deducted the following sums in aid of the Charge for Great Coats, namely, 2*s.* 6*d.* for each Serjeant, and 1*s.* 10*d.* for each Man of inferior rank, except Warrant Men, borne on the Establishment. The assignments for the Line shall not be liable to any deduction for Great Coats; the Colonel of each Regiment, as a compensation for the loss of Off-reckonings formerly allowed for Non-effective Men, having been relieved from any Charge for Great Coats, and having also been allowed 6*d.* a-day for each Company borne on the Regimental Establishment, in addition to the old allowance of 6*d.* a-day per Company for the Pay of Warrant Men, making that allowance from the 25th December, 1828, one shilling a-day per Company.

4.

The annual assignment in future shall always commence from the 1st of January in each year inclusive, that being the day on which the Clothing shall hereafter become due, and on which it is, if possible, invariably to be delivered to the men on every Station; and the Officer actually commissioned as Colonel of a Corps on the 1st of February in each year, or if the appointment be vacant on that day, then the Officer next succeeding to the command of the Corps shall be entitled to make the assignment of the Off-reckonings for the year commencing on the 1st of January next ensuing. But if a Colonel, at the time of being succeeded in the command of a Corps, had, with the sanction of the Commander-in-Chief and Secretary of War, provided the Regimental Clothing before the 1st of February, as is sometimes necessary to be done when Corps are serving in India and on other remote stations, or if he had any Surplus Clothing deposited in store, then the Colonel succeeding to such command shall apply, as part of the first Clothing which he may have to furnish, any clothing which was so ordered, or has so remained in store, and shall pay for the same the original cost thereof, together with the freight and other necessary expenses; provided that at the date of such succession, or as soon after as a survey can be held, the said Clothing shall be reported by the usual Regimental Board of Inspection not to have been worn, and to be in perfectly good condition. But if the number of suits of Clothing so provided by the preceding Colonel should exceed the numbers of Men borne on the existing Regimental Establishment, the succeeding Colonel shall not be bound to take a greater portion thereof than the new Establishment may require. And in case any dispute should arise as to the Sum to be paid for such Clothing, the question shall be referred to the Board of General Officers, who shall report their opinion thereupon to the Commander-in-chief, or to the Secretary at War for His Majesty's decision.

5.

When a new Corps is raised, or an augmentation of an existing Corps is made, the Colonel, if authorized to assign Off-reckonings, shall receive the Off-reckonings for twenty months instead of twelve months, for the numbers of Men borne on the Establishment of the new Corps or Augmentation in the following manner—namely, such portion of the said Off-reckonings as shall accrue from the date of placing the new Corps or Augmentation on the Establishment of the Army, to the 31st December following, by assignment in the usual manner; and the remainder of the Off-reckonings by a separate Warrant. This Allowance of twenty months Off-reckonings is granted for the purpose of enabling the Colonel to provide the Men with their First Clothing and with complete sets of Accoutrements, which latter Articles, together with the subsequent annual Supplies of Clothing, shall be kept up in a perfectly serviceable state, at the Expense of the Colonel out of the annual Allowance of Off-reckonings. If the establishment of a Corps shall be reduced, and shall be augmented again within the following three years, the Colonel of the Corps at the time of such Augmentation shall receive only an Allowance of twelve months Off-reckonings for so much of the augmentation as may be equal to the previous reduction.

Articles of Clothing to be provided; and Claims of Soldiers on Account thereof.

6.

Every Serjeant, Corporal, Drummer, and Private belonging to a Corps on the 1st January, shall on that day, if possible, be furnished with complete Clothing, consisting of the articles hereinafter specified, which shall be made up in strict conformity to the approved Patterns deposited at the Office for Military Boards.

7.

Recruits (except those for new Levies, or for augmentations of existing Corps) finally approved after the proper time for the delivery of the annual Clothing, shall be entitled to Clothing as good as that in wear by the rest of the Corps, and shall also be entitled to complete new Clothing at the next general delivery thereof. Recruits finally approved in the year in which new Caps are not required to be furnished to the Corps, if there be in store no Caps partly worn, shall be furnished with new Caps of the Regulation Pattern, but of inferior value, and calculated only to last until the next general delivery of Caps to the Corps.

8.

Every Recruit raised for a new Levy, or for an Augmentation of an existing Corps, shall, on being finally approved, receive complete new Clothing, and at the next general delivery of Clothing to the Corps, shall further receive another complete Suit, with the exception of a Cap, his first Cap being to be worn until the following delivery of Clothing to the Corps.

Whenever a Highland Corps shall discontinue the Use of the Plaid, &c. by the authority of the Commander-in-Chief, such Corps shall be supplied with the articles of Clothing prescribed for other Infantry Regiments of the Line serving on the same station, with this exception, that the Colonel shall have the option of retaining the Bonnet instead of the Cap.

10.

Patterns of Clothing for every Corps shall be exhibited annually to the Board of General Officers; at least two months before the respective dates fixed in the next clause of this Regulation for the Inspection of Clothing. After the Patterns shall have been approved and sealed by the Board, the Colonels shall provide the Clothing of their Corps, either in Great Britain or in Ireland, at their own option. When the clothing is completed, it shall be submitted to the Inspectors of Army Clothing, who shall compare the several articles with the Sealed Patterns; and, if they find the same strictly conformable thereto, they shall grant two Certificates of their view and approval of the Clothing, one to be given to the Clothier for transmission with the Clothing to the Head Quarters of the Corps, and the other to the Board of General Officers as their authority for passing the assignment.

11.

Periods of, and Rules for, the Inspection of Clothing.

The Clothing of Corps serving on the under-mentioned Stations, is to be submitted for Inspection at the periods stated against the several stations; and the Inspectors are accordingly to finish such Inspection within the Months prescribed, viz.:—

East Indies and Stations to the eastward of the Cape of Good Hope ..	Not later than 31st Jan. being eleven Months.	Preceding the 1st January, on which the Clothing is required to be delivered to the Men.
North America	By 31st March, being nine Months.	
Cape of Good Hope and Western Coast of Africa	By 31st May, being seven Months.	
West Indies, Spain, Portugal, and the Mediterranean	By 31st July, being five Months.	
Great Britain, Ireland, and Islands in the Channel	By 30th September, being three Months.	

The Colonels shall be held responsible that their Corps are regularly and properly clothed; and it is therefore strictly incumbent upon them to take care that the Clothing is ready for Inspection at the periods above prescribed.

12.

All Clothing shall be viewed, and all Certificates signed, by both Inspectors of Army Clothing, unless the absence of either of them be unavoidable; in which case the cause of such absence shall be stated by the Inspector who is present, in his Certificate of the view of the Clothing.

13.

The Inspectors shall follow such further Instructions as they shall from time to time receive from the Commander-in-Chief, the Secretary at War, or the Board of General Officers.

14.

Patterns sealed by the Board of General Officers, shall be sent by the Clothiers with the Clothing to the Head Quarters of the Corps, and shall be preserved there, in order that the Clothing may be compared with those Patterns, at the earliest opportunity, by the General or other Officers commanding on Stations abroad, or in Districts at Home, or by the Officers who shall be appointed to inspect the Corps; and two Certificates (according to the following Form) vouching the conformity of the Clothing to the sealed Patterns, and the date of its delivery to the Soldiers, shall be transmitted by such General or other Inspecting Officer, one Certificate through the Adjutant-General to the Board of General Officers, and the other direct to the Secretary at War.

FORM OF CERTIFICATE.

I certify that I have inspected the Clothing of the issued for the Year commencing on the 1st of January, , and that it appears equal in quality to the sealed Patterns, and conformable in every respect to His Majesty's Regulations. I further certify my belief, that it was duly fitted and delivered to the Men for Use on the day of .

Signature of the General or other Officer, commanding on the Station or District.

Dated at this day of .

When the Clothing is received by a Corps, the Commanding Officer present, together with the two Officers next in Seniority, not being under the Rank of Captain, shall immediately inspect the Clothing, and cause to be drawn out an accurate State of the Quantity, Quality, and Condition thereof, which State shall be entered in the Regimental Books, for the information of the Officer who may from time to time inspect the Corps, and a copy shall be transmitted by the Commanding Officer through the Adjutant-General to the Board of General Officers.

15.

The Clothing shall be sent to the Regiment ready made up, and not in Materials, unless by the special permission of the Commander-in-Chief; and the Inspectors of Army Clothing shall not pass any Articles which are not sufficiently and completely sewn for immediate and permanent wear.

But in order to prevent, as much as possible, the necessity of altering the Clothing, when sent to a Corps ready made up, the Coats shall be furnished in Six Sizes, adapted to Men varying from 5 feet 7 inches to 6 feet, in height, and at the same time 5 suits for each Company shall be sent in materials, for the purpose of being made up at the Head Quarters and fitted there to any men of unusual dimensions.

If, however, after using these precautions it should still be found necessary to alter some suits, the expense thereof, not exceeding 6*d.* each, shall be defrayed by the Soldiers whose Clothing may require alteration.

16.

Soldiers who die, or who are taken Prisoners of War, before the completion of the period for which the Clothing is expected to last, reckoning from the usual day of delivery, have no claim whatever, on account thereof, beyond the day when they ceased to be effective. If a Serjeant be reduced to the Ranks, his Clothing shall be taken for the use of his Successor, and he shall receive Private's Clothing as good as that in wear by other Privates, or Articles equivalent to it.

17.

When Clothing is permitted to be taken away by Men transferred from one Corps to another, the Colonel of the Corps to which the Men are transferred, shall pay to the Colonel of the other Corps, an allowance in money for such Clothing, according to the Scale of Compensation established by Article 19 of this Regulation; the same to be reckoned at a monthly rate, but not for any broken period of a month, from the last day of the month on which the transfer takes place to the 31st December next ensuing. If however a Soldier be transferred within the year, in which he shall have been furnished with a Cap, calculated to last two years, a further sum shall be paid equal to the compensation for twelve months for the Cap.

18.

Colonels of Corps being, as before stated in Article 11, personally responsible that the Clothing be duly and punctually forwarded and delivered to their Corps at the prescribed period, few cases ought to arise in which it can be a question, whether the Colonel may be permitted to make a compensation in Money, instead of delivering the articles in kind; and such cases can never happen on the Home Station. If, however, from any extraordinary circumstances, such a case should occur in any Corps or Detachment abroad, the grounds upon which the substitution of Money for Clothing in kind is proposed, shall be stated fully and in due time to the Commander-in-Chief, for His Majesty's Approval.

19.

If the Payment of Compensation in Money is approved, the following Sums shall be paid to the Men, or expended in necessaries for their benefit, being the estimated cost of the several articles of Clothing to the Colonel, after a reasonable deduction for incidental charges, viz.

21.

Any Articles of Necessaries which may be damaged or lost through the neglect of the Men, shall be repaired or replaced at their own expense by Stoppages from their Pay.

Men losing their Necessaries on being made Prisoners of War, shall have no claim against the Public on account thereof, if they remain in captivity upwards of four months; but on joining their Corps they shall, if requisite, be supplied with fresh Necessaries to an amount not exceeding Two Pounds Two Shillings per Man out of their Arrears of Pay, if any be due to them while Prisoners, and if not, by stoppages from their Accruing Pay.

22.

The Pay of the Soldier on every station shall be liable to the following deductions for Necessaries, namely, a sum not exceeding thirteen-pence per week for every Soldier of the Foot Guards; a sum not exceeding eighteen-pence per week for every Soldier of the Line, Veteran Battalions, and Regiments composed of people of colour.

23.

Every Regiment shall be provided, in the first instance, with a complete set of sealed Patterns of Necessaries, conformable to those lodged at the Board of General Officers.

24.

The Officers commanding Companies shall be at liberty to procure on the spot, whenever it can be done with advantage, any articles required by their Men, conforming to the established patterns.

When a supply is required abroad from the United Kingdom, the Officers in command of Companies shall form a Committee for the purpose of ascertaining the wants of each Company, and of preparing, under the direction and control of the Officer commanding the Regiment, a General Requisition, carefully avoiding any unnecessary accumulation of Stores.

This Requisition is to be transmitted by the Commanding Officer to the Tradesman, who shall engage to furnish the articles of the established quality and pattern; and whenever he is sending out an extensive or general supply of Necessaries to a Regiment, shall produce a pattern of each article, to be sealed by the aforesaid Board to accompany the supply; such pattern articles to form a part of the number demanded, and after serving the purpose of comparison, to be issued to the Men.

25.

On the arrival of a supply at Head Quarters, a Regimental Committee, formed of the Field Officers and of the Officers in command of Companies present, shall examine and compare the supply with the sealed patterns, and

shall reject any articles found not conformable to the patterns, and the Tradesman shall be bound by his agreement with the Commanding Officer or Regimental Agent, either to replace the rejected articles, or to make good the loss on their being disposed of at a lower price than that charged.

The Freight, Insurance, and Shipping expenses, are to be charged in the Tradesman's bill, and to be added to the cost prices by the Committee, together with any incidental expenses on landing.

26.

The Regimental Committee shall be also empowered to make an additional charge of 3 per cent. upon the prices charged by the Tradesman, for the purpose of forming a contingent fund, to be applicable solely to meet the losses unavoidably arising from deterioration, by detention in store, from insects, damp, and other causes; but it is to be distinctly understood, that no part of this fund is to be applied towards defraying any other charges whatever, on account of the Necessaries previously to the delivery thereof to the Men. An Annual Statement, showing the amount of the fund thus created, the mode in which it has been applied, and the balance, is to be forwarded by the Commanding Officer on the 31st December in each year, through the Adjutant General, to the Board of General Officers, and a similar statement is to be sent direct to the Secretary at War.

By the aggregate amount of the Tradesman's prices, and of all the attendant charges before mentioned, the price to be paid by the Soldier shall be regulated, and shall be published by the Commanding Officer in orders to the Regiment, and shall be stated on the Annual Return of the contingent fund, adverted to in the preceding paragraph.

27.

The Quarter-Master, as being the Storekeeper of the Regiment, is to take charge of the Necessaries, and to issue them when required.

The Commanding Officer from time to time shall cause inspections to be made of the Necessaries in Store, for the purpose of ascertaining that they are kept in proper order.

28.

The stoppages for articles of Necessaries issued to the Men out of these supplies, are to be retained by the Paymaster, who, after carrying to the account of the contingent fund the deduction of 3 per cent. for losses, shall remit the remainder under the orders of the Commanding Officer to the Tradesman, in liquidation of his account. These remittances are to be made quarterly in the following manner, viz.: the Paymaster is to deduct the amount of the stoppages in his hands from the debit side of his periodical Pay Lists, when the Regimental Agent will be authorized by the Secretary at War to pay over the said amount to the Tradesman; and the Commanding Officer is, by a vigilant inspection of all proceedings, to take care that the said remittances are duly made, and the whole service conducted according to regulation.

29.

Whenever a supply has been procured under these Regulations, if the Commanding Officer, under whose direction it was ordered, shall leave the Regiment before the articles had been issued and paid for, his successor shall be bound to see the whole of that supply issued before the issue of any fresh supply of articles of the same description is commenced upon.

Supply of Great Coats.

30.

Great Coats shall be furnished at the Public expense to the Non-commissioned Officers and Men on all stations except India.

31.

The Great Coat shall be taken care of by the Soldier in the same manner as his Necessaries, and any loss or damage thereof occasioned by his neglect, shall be made good by stoppages from his Pay; the fact of such loss or damage shall be ascertained by frequent inspections, and the amount of the sum to be stopped shall be fixed by a Court-Martial, and shall be remitted quarterly to the Treasurer of the Ordnance, with a statement of the particulars.

Pattern Great Coats shall be sealed by the Board of General Officers, and lodged at their Office, and one sealed Coat of each regulated size shall accompany every supply of these articles, in order that the same may be inspected and compared at the Head Quarters of the respective Corps, and may be reported upon in the like manner as the Regimental Clothing.

32.

Great Coats for Serjeants shall be furnished without cuffs and collars, which shall be added at the Head Quarters of the Corps, and shall be made of Army Coat Cloth of the same quality and colour as the facings of the Corps; and the necessary expense of such addition, not exceeding *one shilling and seven-pence* for each coat, shall be defrayed by the department by which the great coats shall have been provided, on receiving from the respective Commanding Officers quarterly statements of the charge, showing the number of great coats completed with cuffs and collars in the preceding three months.

Chevrons on the right sleeve may be added at the Regimental Head Quarters to the great coats of Serjeants and Corporals, but the expense thereof shall be defrayed by the wearers.

33.

New great coats may in general be supplied, if necessary, at the expiration of three years from the time of the last delivery to the Soldiers. But for Troops employed in North America, or in active or continued operations in the field, great coats may, if necessary, be supplied at the expiration of two years from the preceding delivery: in these cases, however, the necessity of supplying the new coats must be specially certified by the General or other Officer commanding on the station; and it is in all cases to be understood distinctly, that a supply of new great coats is not to be made as a matter of course immediately on the termination of the period during which these articles are expected to last; but at such time only when the several Commanding Officers of Corps shall certify that the coats have unavoidably been lost or damaged, or have become unfit for service by fair wear and tear. The great coats thus reported unserviceable, shall be transferred as condemned stores to the nearest Ordnance station or barrack.

34.

All applications for great coats shall be made to the Secretary at War according to the annexed form; and if the supply be specially required to replace great coats prematurely worn out, or unavoidably lost or damaged, a detailed statement of the circumstances which may render the supply necessary, must accompany the application.

It is the duty of the Colonel at all times to keep his Corps complete in its different accoutrements and appointments; but it is equally the Duty of Officers in command of Corps, and of Captains and Commanding Officers of Companies, themselves to pay, and to enforce on the part of others, the strictest attention to the care and preservation thereof; and to cause individuals immediately to replace such articles as they shall lose, and to repair such as shall be damaged by their neglect or misconduct. The accoutrements and appointments are therefore to be examined frequently, and reports of the state thereof are to be made to the Colonels; and in order to ensure a due preservation of these articles, the Commanding Officer of each Corps, together with the two Officers next in seniority, not under the rank of Captain, shall annually, between the 30th of November and the 1st of January, make a strict inspection of the accoutrements and appointments of the Corps, and cause an accurate statement of the condition of each article thereof, to be drawn out under the several Heads of "*Good*," "*Bad*," and "*Wanting*," agreeably to the annexed Form; and the Commanding Officer shall cause this statement to be entered in the Regimental Books. Extract from the War-Office Regulation.

"An Officer obtaining a Commission in any Corps of Cavalry or Infantry of the Line, or Fencible Corps, is to be charged with the Fees thereof by the Regimental or District Paymaster, or by the Agent, accordingly as he shall commence receiving the Pay of his new appointment from the one or the other. Where the Fees, or a proportion thereof, shall have been received by the Paymaster, *he is immediately to remit the same to the Agent.*

"Should the Paymaster, or Agent, by whom the Officer's Pay shall have been first issued, cease to issue the same previously to the payment of the full amount of the said Fees, he is immediately to signify what proportion thereof shall have remained unpaid, to the Paymaster, or Agent, by whom the Officer's Pay is likely to be issued in future; who is to receive the same accordingly, and to remit it to the Agent by whom the Fees shall have been paid."

N.B.—This Regulation also applies to *Brevet* Commissions.

The Fees on Commissions for Officers upon the Irish Establishment have been assimilated to the Rates payable on Commissions upon the British Establishment.
